

Jezebel is the easygoing sister to Willful Wine Co.

The Jezebel wines are produced with the intent of providing wine that is well-balanced and interesting but very accessible.

The 2023 vintage of Jezebel Pinot Noir is a blend of several Oregon vineyards and clones, fermented in small lots with a variety of yeasts that were chosen to bring out the fullest expression of the fruit and create a wine that will be pleasurable to drink in its youth.

The wine is fruit-forward and well balanced with ample bright, red fruit flavors, medium weight, supple texture and an easy to drink appeal. It's very versatile with food and pairs especially well with roast chicken and pork.

The wines were fermented for 2-3 weeks, and 80% of the wines were aged in neutral French oak, while the remaining 20% was aged in stainless steel tanks.
